

VELOSTER

Live Loud.

Quiet doesn't get the looks.
Quiet doesn't go viral.
Quiet just drowns in a sea of sameness.
Don't drive a quiet car. Live loud.
The all-new Veloster.

Life is a stage.

So don't hide backstage. Drive into the spotlight. With the bold design and the unique driving experience of the Veloster you will make an appearance on every street.

Live on the fast lane.

Drive a car that keeps up with a maximum agile way of life.
Because who knows – there might be something
extraordinary waiting for you just behind the next turn.

Don't drown in a sea of sameness.

A sporty coupe comes with two doors. A hatchback comes with four. The Veloster comes with three – to get the best of both worlds. One door on the driver's side. Nice. Two doors on the other side. To get everyone on board fast. Now that's design without compromise.

Make a big appearance.

They say it's the inside that counts. But if you want to step ahead from the rest you need a car that's an absolute head-turner. Not just from the inside but also from the outside. You can thank us later.
